ERASMUS+ PROGRAMME (KA131 – UE) MOBILITY FOR STUDIES A.Y. 2025-2026 CALL FOR APPLICATION

Application deadline: March 3rd, 2025, at 12 pm

This Call for application was developed according to the Erasmus+ Programme 2021-2027 Guidelines, published on 25/03/2021. Therefore, the terms and conditions provided by this Call may be modified or be subject to integrations, according to the publication of updates to the Italian and European regulations on the Erasmus+ Programme 2021-2027.

The payment of individual student mobility grants for study/traineeship abroad - hereafter called the Grant - will be dependent on the disbursement of the community grant by the Erasmus+ INDIRE National Agency.

If these funds won't be distributed or won't be distributed in full by the financing Institutions, the University reserves the right to grant to students' scholarships in proportion to the sum that was actually received.

GENERAL CONDITIONS

ERASMUS+ Programme, Key Action 1 Student Mobility for Studies and Traineeship, hereafter called the *Programme*, is based on bilateral/multilateral agreements between European Universities, hereafter called *Host Universities*, and the University of Rome Tor Vergata, the *Home University*.

The Erasmus+ Central Office is in charge of organizing the Mobility overall, receiving and publicizing information received from the Commission through the EACEA, retrieving and managing the funds, supervising the Mobility's quality; the Schools/Departments are in charge of maintaining the long-term agreements with the foreign partner universities, forging new agreements in order to enrich the education provided by Tor Vergata and, last but not least, selecting the grantees.

Taking into consideration what presented above, each School/Department communicates to the Erasmus+ Central Office the members of the Evaluation Commission, hereafter called *Commission,* consisting of a minimum of 3 members, 2 teachers (possibly

representatives of the programme) and the Erasmus+ administrative contact person. The Commission is named by the Rector.

After collecting the submitted applications, the Commission draws up the ranking list by merit, within the deadlines. The list will be published along with the procedure for students to appeal for a revision of the ranking.

Subsequently, a meeting will be held in each School/Department to formalise the candidates' acceptance of the Grant, as indicated by the final ranking list of admitted candidates.

Please note: If the candidate (or a delegated person with a signed proxy and a copy of a valid document of both the delegator and the delegate) fails to show up at this meeting, the University will consider this for all legal intents and purposes as the candidate's renouncement to participate in the Programme.

After the meeting, each School/Department will communicate to the University the names of the grantees.

After being formally assigned a Grant, the student, **before their departure**, will have to sign a **Mobility Agreement** with the University, hereafter called *Agreement*. The signature of the Agreement will be considered a formal acceptance of the EU Programme Grant. The object of the Agreement is the student mobility. Therefore, the Agreement's coming into effect is linked to the successful applicant/grantee actual mobility.

Each School/Department is in charge of publishing an Annex to the Programme's Call for application with all the information specific to that School/Department: the places available, application deadlines, specific forms, criteria of selection and evaluation and any special conditions **(see School/Department's Annexes).**

Concerning the didactic activities that can be taken at the *Host University*, the grantee will have to prepare the **Learning Agreement[1]** before departure as indicated by the Erasmus+ Office of each School/Department (**see Annexes**).

PhD students must plan with their PhD Programme's Coordinator the academic activities they intend to pursue abroad.

INSTRUCTIONS FOR VISAS

The laws and regulations on non-EU students' immigration to the countries participating in the Programme are related to students' nationality. Therefore, **each student has the personal responsibility to** collect information from the relevant diplomatic offices in due time and to obtain the documents entitling them to enter and stay in the Host Country in due time.

---

[1] The 'Learning Agreement' form for 'Study and Traineeship' is the indispensable document for the completion of mobility, which must be approved and initialled by the home university, the host university and the student before the departure. It consists of the drafting and approval by the Course of Study (Faculty/Department) of part of the student's curricular study programme. Any substantial change in the activities, dates and any extension of the mobility must be agreed in writing by the parties.

INSTRUCTIONS FOR ACCOMMODATION

Host Universities generally help students find accommodation - when possible at a fixed price - in University campuses or student housing.

Students can ask the Erasmus+ Office of their School/Department for more information about their prospective Host University or contact the Host University itself.

The student must:

- ✓ Check on the Ministry of Foreign Affairs'*(Ministero degli affari esteri e della cooperazione internazionale)* website for any communications about the safety and possible risks of traveling to their Host Country: https://www.viaggiaresicuri.it;
- ✓ Inform on itself and accept the conditions for the mobility to their Host University. For example, the impossibility to conduct lessons in person but only online (online mobility won't be granted financial support), lack of access to basics such as accommodation, canteens, etc. because of epidemics, pandemics or other force majeure reasons;
- ✓ Stipulate a travel insurance in case of delays or cancellations due to epidemics, pandemics or other force majeure reasons;
- ✓ Inform themselves about the requirements to obtain a visa for the Host Country;
- ✓ Inform themselves about health care in the host country by contacting their local health authority or diplomatic representations.

Art. 1 – PARTICIPATION REQUIREMENTS

Only the students or graduating students enrolled in the AY 2024-2025 who during the AY 2025-2026 will be regularly enrolled in a course of study coherent with the one from the previous AY, can apply.

PLEASE NOTE: If the student is not regularly enrolled in the AY 2025-2026 before departure, they will automatically lose their right to the Mobility and will not be able to benefit of the Erasmus status and grant. This includes students who have not paid their tuition fees or are enrolled in "**cautelativa**".

To benefit of the European Community grant, the student must:

- ✓ not benefit in the same period of time of their Erasmus Mobility (or even only part of that period) from another European Community grant from other programmes or operations funded by the European Commission, or from a grant awarded through this University or other international mobility programmes and/or equivalent to this University;
- ✓ not have reached the maximum number of months of mobility allowed by the Erasmus+ Programme in their cycle of studies. **A total of 12 months of mobility is allowed for each cycle of study, Bachelor's programme, Master's programme,**

3

PhD/postgraduate programme and a total of 24 months for the one-cycle programme.

✓ be regularly enrolled in Tor Vergata before leaving for the mobility

<u>Please note:</u> **Mobility towards the student's Country of residence is not allowed.**

LINGUISTIC KNOWLEDGE

It is **strongly recommended** to have a <u>proven knowledge of the language(s) spoken in the country of destination</u> or of the language accepted by the Host University as the "learning language". In fact, the Programme founds itself on the basis of bilateral/multilateral agreements between the *Host University* and the *Home University*, which require a specific level of linguistic knowledge (either A1, A2, B1, B2, C1 or C2).

Based on these agreements, **the *Host University* has the right not to accept the student** — even after the allocation of the Grant — if deemed unprepared on a linguistic level.

<u>Regarding the language requirements for the selection of candidates, please refer to each School/Department's Annexes.</u>

Art. 2 – SUBMISSION OF APPLICATIONS

It will only be possible to apply online, by filling out the form available at the following link: http://mobint.uniroma2.it/erasmus/candidatura/Default.aspx . The submission form will be available online starting from the issue of the Rector's Decree. The deadline for submitting the form is on **<u>March 3rd, 2025, at 12 pm</u>**.

<u>Please note: The candidate is entirely responsible for filling out the application form. Applications that do not result "Validated" (completed and closed) online after the expiration of the call, will be considered void. Applications containing incorrect or inaccurate data will be void as well. It will not be possible to subsequently modify or cancel the applications already submitted.</u>

Art. 3 – THE MOBILITY

Students will be able to undertake mixed mobility (Blended), i.e. a period of Virtual Mobility integrated with a period of mobility abroad. Virtual Mobility alone won't be allowed. Virtual Mobility in the context of a Blended Mobility must in any case precede or follow an in-presence mobility of at least 2 months (60 days).

If any of the following situations occurs, the student **will not be entitled to the EU Grant**:

✓ the student or graduating student is not enrolled in the University of Rome Tor Vergata during the AY 2024/2025 and won't be regularly enrolled during the AY 2025/2026;

- ✓ the student has not completed the registration (not paid the tuition fees) for the AY 2025-2026 before departure or is enrolled "**in cautelativa**"
- ✓ the Host University does not authorise the activities present in the student's Learning Agreement;
- ✓ the student is not compliant with other national public administration bodies to which they are related for study reasons (i.e. Disco Lazio).

<u>Student mobility is always dependent on acceptance by the host university.</u>

Grants are available for a duration of 2 to 12 months. The mobility cannot last less than 60 consecutive days.

After winning a Grant for a mobility period of less than 12 months, the student may ask the School/Department for an extension of the mobility period. The original Mobility plus the extension must not last longer than 12 months per study cycle (24 months for one-cycle Master's degree) and will have to take place between June 1st 2025 and September 30th 2026.

It is not guaranteed that the student will receive a grant during their extension. It will be authorized on the basis of the European funds available and only if the extension request will be submitted to the student's School/Department's Erasmus+ Office at last 1 month before the end of the mobility (it won't be possible to authorize extensions requested after the end of the mobility written on the Agreement).

The request for an extension must be submitted to the student's School/Department. The office can then accept or refuse the request on the basis of how the request is motivated.

After being presented with a certification of mobility, the Erasmus+ Central Office, extension will then modify the student's Mobility Agreement.

Before leaving, the student has to:
- ✓ sign the ACCEPTANCE OF THE SCHOLARSHIP;
- ✓ sign the LEARNING AGREEMENT (**see Annexes**);
- ✓ sign the MOBILITY AGREEMENT;
- ✓ sign the CODE OF CONDUCT for students during mobility periods;

After returning from the mobility period, by at most 15 days after the end of the mobility (and in any case no later than October 10th, 2026), the student must upload the following documents on the MOBINT platform:
- ✓ ***Certificate of stay (Modulo di conferma di registrazione e soggiorno)*** signed and stamped by the Host University containing the exact dates of arrival and departure;
- ✓ ***Self-certification of the exams taken abroad (Autocertificazione degli esami)***
- ✓ ***"Participant Report"*** to fill out online on the website indicated via email by the EACEA.

In order to request the acknowledgement of the mobility period in the framework of the Programme by the Home School/Department and/or Study Course, it is necessary to first get an **authorization (Nullaosta)** by Tor Vergata's Erasmus+ Central Office. The said

Office will issue that authorization when the administrative position of the student is regularised.

The mobility period may start, where possible, on June 1st, 2025 and must end in any case by September 30th, 2026.
N.B. The students are guaranteed to be exempt from tuition fees at the Host University, but they are required to pay the tuition fees at the University of Rome Tor Vergata.

MINIMUM NUMBER OF CREDITS TO OBTAIN AT THE HOST UNIVERSITY

As indicated by the European Commission, the University requires that the students taking part to the Programme earn a minimum number of credits (ECTS) at their Host University. These credits will later be recognized by the Home University through the Learning Agreement, provided for one year by the current didactic programme. Students spending one year abroad should earn at least 24 credits; students spending a semester abroad should earn at least 12 credits; the student spending three months abroad should earn at least 6 credits.

Please note: The students must acquire at least 2 CFU per month spent abroad.

If the minimum number of credits is not achieved, the University will not give the student the remaining EU Grant and will furthermore require the student to return the sum already paid. Each Department/School's Committee will in any case evaluate particular cases (for example, if the mobility has the purpose of writing a thesis abroad) but only after receiving a written request by the student.
Grantees enrolled in PhD courses are not required to earn credits.
The grades of the exams taken abroad will be converted to the Italian grading system. The criteria for this process are determined autonomously by each Department/School Committee and/or "Corso di Studio", following the provisions of the "Delibera del Senato Accademico" of 07/26/2016 concerning the "Riconoscimento a pacchetto" of CFU earned abroad.

N.B. If the "Corso di Studio" won't recognize and won't convert into CFU the activities carried out abroad by the student, indicated in the Learning Agreement and certified in the Transcript of Records, the student will lose all right to funding and will be required to return any unduly received amount.
If a student fails an exam, the credits from that exam will not be recognized by this University, nor will they be considered for calculating the contributions.

In the framework of the Programme, curricular **traineeships** are certified through a *Traineeship Certificate* issued by the Host University. If authorized by the Council of the student's "Corso di Studio", a traineeship will allow (when possible) the recognition of the

work experience abroad as part of the student's training course and the achievement of Credits (ETCS). The traineeship will also be mentioned in the Diploma Supplement.

Art. 4 – THE MOBILITY GRANT

The financial contribution for the mobility period is provided through funds allocated by the Erasmus+ National Agency and the MUR, the Italian Ministry of University and Research (*Ministero dell'Università e della ricerca*).
The contribution can consist of the following items:

A. Community contribution

The European Commission has established that the student mobility grant is calculated according to the cost of living of the Host Countries, divided in the following groups:
GROUP 1 (HIGH cost of living) Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Iceland, Liechtenstein, Luxembourg, The Netherlands, Norway, Sweden.
Partner countries from Region 13: Andorra, Monaco, San Marino, Vatican City State
Partner countries of Region 14: Faroe Islands, Switzerland, United Kingdom
GROUP 2 (AVERAGE cost of living) Cyprus, Estonia, Greece, Latvia, Malta, Portugal, Czech Republic, Slovakia, Slovenia, Spain.
GROUP 3 (LOW cost of living) Bulgaria, Croatia, Lithuania, North Macedonia, Poland, Romania, Serbia, Turkey, Hungary.
SCHOLARSHIP FOR STUDY DESTINATION INDIVIDUAL CONTRIBUTION / MONTH:
- Mobility to countries from GROUP 1 € 350.00 / month;
- Mobility to countries from GROUP 2 and GROUP 3 € 300.00 / month;

Mobility to the United Kingdom and Switzerland
The Erasmus+ Programme 2021-2027 foresees that the United Kingdom and Switzerland are assigned to "Region 14" among the so called third countries not associated to the programme. Mobility towards these countries is therefore guaranteed and students' grants will be covered by European funds equivalent to those destined to EU Member States and third countries associated to the programme. Students who will apply for an exchange in the United Kingdom or in Switzerland are subject to all the requirements for EU Member States and third countries associated to the programme specified in this Call.
The students who will be selected for an exchange in a partner university in the United Kingdom must take into consideration the following:
- ✓ they must respect the entry rules to the United Kingdom and carefully consult the page https://www.gov.uk/check-uk-visa for all the information. The student must check directly with the hosting university all the matters related to the entry rules (Visa and health insurance) for an Erasmus+ mobility for study purposes in the United Kingdom;

- ✓ VISA and health insurance fees, along with other costs related to the entrance to United Kingdom or to the acceptance by the UK university will not be covered by the University of Rome Tor Vergata;
- ✓ in most of the cases, UK universities ask for *ad hoc* language certificates to release invitation letters for VISA purposes, based on the exchange duration. We suggest students to check carefully the relevant webpages of the UK universities and, in case of doubts, to contact them directly to get more information.

The duration of the scholarship is calculated on the basis of the start and end date of the study period abroad (day/month/year) according to the business year of 360 days; therefore, each month, regardless of its duration, will be considered as 30 days. In case of incomplete months, the financial contribution will be calculated by multiplying the number of days of the incomplete month by 1/30 of the monthly unit cost.

B. Supplementary contribution

The student might also be eligible for an integration of the Community contribution according to the provisions of the Ministerial Decree from December 29th, 2017 n. 1047.*

The contribution will be financed by funds provided by MUR (Ministry of University and Research), and will be paid according to the provisions of the Ministerial Decree 1047 of 29/12/2017 (*Fondo Sostegno Giovani - FSG*) or the monthly amount of the scholarships will be defined with reference to the economic condition resulting from the ISEE certificate** as indicated by the following Table 1:

Table 1

University ISEE	Monthly amount for Erasmus+ grant supplement
ISEE ≤ 13.000	€ 400
13.000 < ISEE ≤ 21.000	€ 350
21.000 < ISEE ≤ 26.000	€ 300
26.000 < ISEE ≤ 30.000	€ 250
30.000 < ISEE ≤ 40.000	€ 200
40.000 < ISEE ≤ 50.000	€ 150
ISEE > 50.000	€ 0

* Students that are not enrolled within the normal duration of the course increased by one year will be excluded automatically from the Supplementary contribution, in compliance with the Ministerial Decree.

** In regards to how to determine the composition of the family unit, the indicator of one's economic situation and the methods for filling out the form concerning the request of the benefits for the right to study, as well as for any other matter related to the calculation of ISEE, this Call for applications looks at the DPCM December 5th 2013, n. 159 "Regolamento concernente la revisione delle modalità di determinazione e i campi di applicazione dell'Indicatore della situazione economica equivalente — ISEE".

PLEASE NOTE: The University requires the 2025 ISEE Certificate.

For students with revenues in Italy, in order to receive the contribution, at the time of enrolment for the a.y. 2025-2026, it is necessary to authorise the University, on the DELPHI platform, to request the ISEE relating to subsidised benefits for the right to study from the "Agenzia delle Entrate".

Students with income abroad **cannot use the self-certification institution in any way**.

In relation to the provisions of the aforementioned regulations and in accordance with the provisions of Ministerial Decree no. 1047, students who do not reside in Italy and who are non-EU citizens can submit a request for integration to the funding for Erasmus mobility to the Body for the right to study (DiscoLazio), which announces *ad hoc* funds annually.

Students with foreign income will have to present their ISEE PARIFICATO to receive the supplementary contribution.

ISEE PARIFICATO

More information can be found on the following page: https://web.uniroma2.it/en/contenuto/isee_parificato.

Students in possession of a DiscoLazio grant are also required to submit the data collection form and will be subject to checks on what they have declared. The **MUR grant is not compatible** with any DiscoLazio funding provided to support Erasmus mobility.

The certificate of ISEE PARIFICATO must appear on the DELPHI university platform at the same time as the regularisation of the enrolment as foreseen by the present Call for Participation.

The University will not pay the Supplementary Contribution to the students who, for whatever reason, have not authorized the University, on the DELPHI platform, to ask the Agenzia delle Entrate for the ISEE needed to evaluate the payment of the Supplementary Contribution.

C. Supplementary Grants for Students with fewer opportunities
The Programme offers another Grant of € 250,00 per month in addition to the Community contribution for individual mobility. Such contribution will be granted, on the basis of the funds available, to the students that have an ISEEU that is inferior to a number that will be determined by a Ministerial Decree in the first months the current year. This contribution will be calculated on the basis of the 2025 ISEE certificate. The student's ISEE will have to be declared when enrolling for the AY 2025/2026.

D. Supplementary Community Grants for Students with Special Needs

These are funds allocated by the European Commission and destined to students with specific physical, mental or health conditions. To request this grant, the student will have to submit a specific request to the University's Erasmus+ Central Office, following the procedures and timeframes defined by the Erasmus+ National Agency INDIRE.

The Erasmus Programme grant does not constitute income (ref. 247/E of 1999, Art 6, paragraph 13 of Law N° 488 of 1999) unless the total annual amount is higher € 7.746,85. If the amount is higher than the limit indicated by Law, it will entirely constitute income for the person who receives it.

PAYMENTS

Payments will be made according to the written in the Mobility Agreement, after the student has left for the Host Country and has duly uploaded the required documentation on the MOBINT platform:

- Community contribution: 70% as an advance within 30 working days after receiving the Certificate of Arrival at the partner university and 30% as a balance after the mobility has ended and the student has received the Nulla Osta from the Central Erasmus+ Office of the University;
- Supplementary contribution: 50% as an advance within 30 working days of receipt of the Certificate of Arrival at the partner university and 50% as the balance, the mobility is completed and the student has received the Nulla Osta from the Central Erasmus+ Office.
- Supplementary contribution for students with fewer opportunities: this contribution will be paid after the end of the mobility, after the student will have received the Nulla Osta; it will be calculated on the basis of the number of days spent abroad on the basis of the funds available.

When applying, the student must provide the IBAN[2] of their own bank account at an Italian bank. The contributions will be paid to that bank account.
Please note: The bank account must be in the name of the beneficiary/grantee (or co-signed by the grantee). There will be no payments by cheque and/or bank transfers made to a third party.

Art. 5 – RENOUNCEMENT OF THE GRANT

Accepting the mobility is a serious obligation for the candidate, as seen on the Agreement.

---

[2] The IBAN is the bank code that identifies the current account and the bank. It must be requested by the account holder directly from the bank when the account is opened.

The students who accept the Community grant, sign the Mobility Agreement and then decide to renounce to their mobility period must fill out and upload the **Waiver Form** on the MOBINT platform, along with an adequate certificate. If the certification is not submitted or the reasons submitted are not deemed pertinent, the renouncing student will have to return the amount of the grant already received and will no longer be eligible to apply for Grants within the framework of the Programme.

Students who interrupt their mobility period are entitled to the grant for the number of months they spent abroad and they have obtained at least 2 CFU per month spent abroad. The period spent abroad must be of at least 2 months (60 consecutive days). Students who do not stay abroad for the minimum period required will have to return the full amount of contributions received in advance.

Students are asked to contact their Program Office (*Segreteria Didattica*) which will provide all the information as regards the procedure to be followed for the approval of the aforementioned courses (students must download syllabi of the courses they are interested in from the website of the university which will host them and submit the syllabi according to the procedures established by their Program Office).
Following the approval of the courses (*pacchetto esami/exam approval request*) to be taken while abroad, the Program Office of each Study program will communicate to the Erasmus + Office of the Faculty the list of approved courses. Only after the approval, students will fill in the **ONLINE** learning agreement[3] that will be signed by the Erasmus+ Academic Coordinator at the School of Economics, Prof. Gianluca Mattarocci.

If, once a student arrives at the Host University, problems arise in taking the courses initially approved, it is possible to apply for approval of new courses, subject to written notification to the Program Office of the School of Economics.

After written request by the applicant, the Erasmus+ Committee can also evaluate special cases such as mobility for thesis abroad, in addition to 6 credits recognized in Tor Vergata.

Deadline March 3rd, 2025 at 12.00 pm.

ELIGIBLE CANDIDATES

All students regularly enrolled in the degree courses of Law, in the bachelor degree in Science of Administration and International Relations and in the bachelor degree in Law, Technological Innovation and Sustainability are eligible for the programme **(see Art. 1 Erasmus + University Call "PARTICIPATION REQUIREMENTS").**

The departure of the student is subject to compliance with the legislation of the host country, acceptance of the nomination (deadlines of the terms imposed by host universities) and of the student himself by the host university.

It is recommended that the candidate has a good knowledge of the language of the University of destination required by the agreement with the host university. In any case, at the time of enrollment at the host university (indicatively March/June for the first semester and one academic year and October/November for the second semester) the candidate must produce a certificate of the level reached, issued by an authorized entity, which many universities require to be attached **to the registration form. (see Art. 1 Erasmus + University Call "LINGUISTIC KNOWLEDGE").**

MINIMUM MOBILITY PERIOD

The minimum period of stay at the host university is two months (sixty days). A shorter period is not sufficient for the student to obtain the "Erasmus + status" and any grant received must be returned by the student **(see Art. 3 Erasmus + University Call "MOBILITY").**

DEADLINES AND ASSIGNATION PROCEDURE

Applications have to be filled out and submitted online at http://mobint.uniroma2.it/erasmus/candidatura/default.aspx within March 3rd 2025 at 12.00 pm.

The ranking list, decided by the evaluation Committee, nominated by Rector's decree, on the basis of criteria predetermined stated in the call, lasts for one academic year (the duration of Erasmus+ grants varies according to the host university).

RANKING CRITERIA
Weighted average x number of exams / semesters
1) The semesters are calculated based on the year of enrollment up to the first semester of the A.Y. 2024/2025;
2) In case of shortering course or transfer from another University, the semesters are calculated starting from the year of first enrollment;
3) In case of equal ranking between two or more students, priority is given to the one with certified disability more than 66%;
4) In case of equal ranking between two or more students, priority is given to the one who has the most honors;
5) In case of equal ranking between two or more students who has the same score and the same number of honors, priority is given to those with the lowest ISEE amount;
6) The student who has already carried out or who is carrying out a period of study in Erasmus will be positioned at the bottom of the ranking, to give precedence to those who, for the first time, will join the Erasmus + program.

The ranking list will be published on the website http://mobint.uniroma2.it/erasmus/studenti and on the page http://giurisprudenza.uniroma2.it/erasmus/

Any motivated appeals relating to the ranking list must be reported by e-mail to erasmus@juris.uniroma2.it , within five days from the publication of the ranking list.
The selected students shall formally accept the Erasmus+ grant by signing the related contract Scholarships will be formally awarded during a meeting, the participation to the Erasmus + meeting is compulsory for the winner. In case of proven impediments, the student can delegate a trusted person who will indicate the chosen preference, by sending, in the 5 days after the meeting, the proxy and the delegate's document.

The day and time of the above-mentioned meeting will be communicated by email and by publication on the pages http://mobint.uniroma2.it/erasmus/studenti/, http://giurisprudenza.uniroma2.it/erasmus/,

- The students selected for an Erasmus+ grant must sign the **online mobility agreement** before their departure, otherwise they shall not be allowed for the Erasmus mobility. Departure without having signed the mobility agreement will be without insurance coverage and financial contribution, and exams taken abroad cannot be recognised. The mobility agreement will be available on the Mobint platform (personal page) only after the forms have been completed: acceptance of the Erasmus grant and learning agreement approved by the Coordinator.
- It is possible to extend the duration of the mobility, for well-proved study reasons. The form, duly filled in, must be uploaded on the mobility platform, and a copy sent to the Erasmus Office of Law (erasmus@juris.uniroma2.it). **For more info see Erasmus + Call of Law pag. 5.** Please

EXAMS RECOGNITION

Exams will be validated after the submission of a pre-printed form, filled out and accompanied by the original copy of the exams (transcript of records) provided by the host University or sent by them after the departure. Participation in the Erasmus + project (renouncers excluded) will be awarded with two more points in the calculation of the final graduation mark for an academic year and 1 point for a semester. In any case, cumulatively, students who have participated several times in the same Overseas program, or in other training programs abroad (Erasmus or similar), can be awarded with maximum of TWO incremental points on the average starting grade. (**See Erasmus Law Regulations** http://giurisprudenza.uniroma2.it/erasmus/).
The Erasmus+ Commission of the Department will be able to evaluate particular cases, such mobility for degree thesis research, upon written request by the applicant.
The marks of the exams taken abroad will be converted on the basis of the tables approved by the competent academic organs.

ECTS CREDITS EARNING

Upon indication of the European Commission, the University requires the student participating in the Erasmus+ Program, a minimum of credits to be achieved in the foreign University equal to 2/3 of the credits (CFU) provided per year by the current teaching system. The latter provides for the achievement

of 60 credits per year. Therefore, the student attending abroad for an entire year must achieve a minimum of 24 credits and 12 credits for one semester (DM.509/99 - DM.270/04).
In the absence of this result, the University will not proceed with the payment of the Erasmus+ scholarship and will request the return of any funds given in advance **(See Art. 3 Erasmus+ University Call).**

The acquisition of credits is not required for Erasmus+ PhD scholarships.
The Erasmus+ Commission reserves the right to evaluate each case individually

APPLICATION PROCEDURES AND EVALUATION CRITERIA

ERASMUS+ CALL A.A. 2025/26

Please note: This English version of the call is for publicity purposes only. For enforcing the call, resolving any dispute and for all legal purposes only the Italian version is valid.

IMPORTANT: Submission of applications will occur online only, by filling out the form available at the following link:

http://mobint.uniroma2.it/erasmus/candidatura/Default.aspx

The submission form will be available on line starting from the issue of the Rector's Decree until the deadline indicated in the Decree.

Please note: The candidate is entirely responsible for filling out the application form. Applications that do not result "Validated" (completed and closed) online by the application deadline will be considered void, as well as applications containing incorrect or untrue data.

For any doubts or clarifications, students can request an appointment at the Erasmus+ Office of the School of Engineering by contacting Daniela Mannino (Tel: +39 06 72597506 email: daniela.mannino@uniroma2.it)

1. Requirements and instructions for the application

Students enrolled in a bachelor course, master's degree, single cycle degree programme, Ph.D. meeting the requirements as indicated in the 2025-2026 Erasmus+ Call of the University can apply to the Erasmus+ program.
In particular:
a) For the purposes of the ranking, as for the three-year bachelor degree first year students, the exams taken before the end of the second semester (winter session) will be considered. If the exams are not registered on Delphi yet, they can still be added in the appropriate field specifying the denomination of the exam, marks and credits and attaching a proof of the exam taken (mail from the responsible Professor or from Delphi portal).
Only students who achieved at least 6 credits by the end of the first semester exam session can apply; differently their application will not be considered valid.
  b) Students transferred from other universities or graduated at other universities must enter the exams taken in the appropriate field, specifying the denomination of the exam, marks and credits and attaching a digital scan of the official passed exams certificate;
  c) As for students who have obtained a bachelor degree abroad, the weighted grade point average (see Evaluation criteria) will be calculated by converting the degree grade into thirtieths;
  d) PhD students must submit the application form by e-mail, including:

- CV Resume
- Research project
- Language certificate/declaration

e) Students enrolled in the last year of the Bachelor degree who wish to apply to carry out the program during the Master's degree can send the application and, if admitted to the ranking, may have the scholarship assigned conditionally; in case they are not able to provide the certificate of enrolment to the Master's Degree by the deadline indicated by the Erasmus+ Office, the assignment will be revoked.

f) Language certificates, certifications and linguistic self-certifications (*Dichiarazioni sostitutive di certificazioni in possesso, Art. 46 D.P.R. 445 del 2000*) must be uploaded as attachments.

2. Evaluation criteria for ranking list and selection of candidates

The ranking list will be the result of:

- <u>Weighted grade point average</u>: obtained considering the number of credits of all exams passed and <u>registered on Delphi</u> by March 1st, 2025;

- <u>Student performance</u>: the ratio between the credits earned and the number of years attended since enrolment to the Bachelor's Degree Course.

All the exams passed during the Bachelor's and the Master's Degree Courses will be evaluated <u>without any distinction</u>. Bachelor's Degree final mark will not be evaluated (unless in case of degrees obtained abroad, as specified above). The number of full marks with honors (30 e lode) obtained will be considered only in the case of an equal score in the final ranking list. In the event of a further equal score, the youngest candidate will be favoured in compliance with *art.3, Law 127/97* and *art.2, paragraph 9, Law 191/98*. Exams whose marks are not in thirtieths will not be considered.

Note: As per decision of the Boards of the Degree Courses of Mechatronics and Engineering Sciences, students enrolled in these Degree Courses must have a score of at least 28 in the Erasmus ranking list (<u>not the weighted grade point average</u>) in order to receive the grant.

Each Degree Course will have its final ranking list. Grants will be assigned <u>separately to students of each Degree Course</u> (possible combination of similar Degree Courses can be considered). Candidates will pick their destination <u>according to the ranking list order of each Degree Course</u> (provided that they meet the requirements for the specific destination, both as regards language skills and study level: PhD students, students who are preparing their graduation thesis, etc.).

As for the following grants, the assignation can be decided by the Erasmus+ Coordinator in charge of the agreement. Grants may not be assigned if the Coordinator decides that requirements for the specific destination are not met. To this regard, students interested in the above-mentioned destinations are suggested to refer to the Erasmus+ Coordinator in charge of the agreement <u>beforehand</u>:

- Universidade Catolica Portuguesa Lisboa, Université De Provence - Aix Marseille, École Nationale Superieure Des Techniques Avancées, Ecole Nationale Supérieure des Mines de Saint-Etienne (Ingegneria Medica)

- Haute École Specialiseé de Suisse Occidentale e Haute École d'Ingegnerie et Gestion du Canton de Vaud (Ingegneria Energetica)
- Imperial College Londra (Ingegneria dell'Automazione)

3. Language skills requirements

Each destination can require a defined level of certified/declared linguistic knowledge, as listed in this annex from page 7 (note: some language requirements may vary from the date of publication of the call for applications to the time of application to the host university). In fact, the program is based on agreements between the sending and receiving Universities, which, in most cases, require a specific language level (A1, A2, B1, B2, C1, C2). According to the bilateral agreements, the hosting University could reject a student whose language level is not adequate, even after the assignment of the grant.

Therefore, the grants will be assigned **with priority given** to the students that already have the requested language certification/declaration and have attached it to the application; secondly, priority will be given to the students that will obtain the certificate after the call closing date but before the assignation of grants. Thirdly, priority will be given to students that still have to achieve the required certification, for mobility in the second semester only. In this case, the grant assignment will be conditional and revocable by the Erasmus+ Office if the certification required is not achieved by the deadline indicated by the Erasmus+ Office.

If the student is not able to provide the required documents certifying the language level by the deadline, the assigned grant will be cancelled and given to the next candidate on the ranking list.

According to the different agreements, an official declaration by an Institute can be sufficient as proof of the language level. Whereas, if according to the agreement it is mandatory to provide a language certification, it has to be issued by one of the following Institutions:

English language:

➢ TOEFL (Test of English as a Foreign Language)
➢ ESOL (English for Speakers of Other Languages – University of Cambridge)
➢ ESOL (English for Speakers of Other Languages – University of Pitman)
➢ IELTS (International English Language Testing System – University of Cambridge)
➢ ISE (Integrated Skills in English – Trinity College London)
➢ LCCIEB (London Chamber of Commerce & Industry Examinations Board)

French language:

➢ DELF (Diplôme d' etudes en langue française – Alliance Française)
➢ DALF (Diplòme approfondit de langue française – Alliance Française)

German language:

➢ ZD (Zertificat Deutsh – Goethe Institut/ OSD)
➢ ZDfB (Zertificat Deutsh fürden Beruf – Goethe Institut/ OSD)
➢ ZMP (Zentrale Mittelstufenprüfung – Goethe Insitut/ OSD)
➢ ZOP (Zentrale Oberstufenprüfung – Goethe Institut/OSD)

Spanish language:

➤   DELE (Diplomas de Español como Lengua Extranjera)

In addition to the certifications listed above, certificates listed by the MIUR are considered valid: https://piattaformaenticert.pubblica.istruzione.it/pocl-piattaforma-enti-cert-web/elenco-enti-accreditati

A self-certification from the candidate declaring to be a native speaker of the language is accepted after proper examination and C2 level will be assigned. For students attending classes in English language, a B2 level (English) is recognised.
The stay in a foreign country, certified or self-certified, of at least 3 months for study or work purposes (for example, *Erasmus+, Traineeship, Overseas,* or other mobility projects) for students enrolled at Tor Vergata University will be evaluated and recognised as B2 level knowledge, unless they achieved an upper level taking the linguistic online support (OLS) exam. For all the other students, it is necessary to provide an official certificate of attendance of one of the projects above mentioned.
For equivalences between the required linguistic skills and the declaration's levels based on the QCER, please refer to our Academic Centre Language (CLA): Erasmus outgoing – Centro Linguistico di Ateneo

Erasmus+ gives the opportunity to all participants to improve their language skills before and during the mobility abroad through a European service of Online Language Support (OLS), which gives them the possibility to both evaluate their language knowledge and attend a free online course to improve their skills.

Furthermore, students interested in participating in the Erasmus+ program can attend classes potentially organized by CLA.

The linguistic knowledge level will be assigned by the Commission after an evaluation based entirely on the documentation attached to the application. It is highly recommended that the student attaches all the documents in his/her possession.

1. Publication of ranking lists, assignation of grants and signing of contracts

The final ranking list will be divided by Degree Course and published on the website http://mobint.uniroma2.it/erasmus.

On-line publication of the ranking list has legal value and constitutes an official notice for all selected candidates. Students are expected to personally check the ranking list, no other forms of communication of the results are foreseen.

After the rankings will be published online, the procedures for the grants assignation will also be published on the website http://mobint.uniroma2.it/erasmus . The Erasmus+ scholarships will be assigned by the Commission appointed by the Rector.

Students will indicate their preferred destination at the meeting for the assignation of grants, according to their position in the ranking, after verification of the requirements by the Commission. Students are expected to get information about the courses offered by each partner University which are of their own interest and available, by consulting the website **before the choice of destination.**

Appeals: Appeals should be signed and submitted on unstamped paper (no tax stamp required). Reasons for the appeal should be clearly expressed. Appeals shall be submitted to the Engineering Erasmus+ Office **within five days from the ranking list publication on-line** (please contact Daniela Mannino Tel: +39 06 72597506 email: daniela.mannino@uniroma2.it).

For students selected for the Erasmus+ grant who after signing the contract will not leave for the mobility period and will not submit their formal renunciation on time for serious reasons, what is written in the University call will be applied. If a waiver is received on time, the next candidate on the ranking list will be assigned the grant, if meeting all requirements.

Students selected for the grant must fill in the *Learning Agreement* form and submit it the host University (partner in the Erasmus+ agreement). Submission of the Learning Agreement shall respect the deadlines set by the host University. The procedures will be available on the website http://mobint.uniroma2.it/erasmus

4. Grant disbursement and registration of exams

In order to obtain the grant, the student shall achieve a minimum of credits during mobility abroad as specified in the University Erasmus+ call.
In order to set up the "package recognition" as explicated in the University announcement the student must keep in mind the following indications:

a. It is essential that the student obtains at least 2/3 of the ECTS-CFUs for the corresponding course at the foreign University (examples: 8 ECTS-CFU for 12 ECTS-CFU). The remaining credits must be obtained from the foreign University in a similar academic field (*settore scientifico-disciplinare*) or subjects that are relevant to that specific course. Additional course integrations or tests are no longer allowed on site after the program, neither written, oral nor practical.
Students who only achieve 2/3 (or more) of the ECTS-CFU in the corresponding discipline at Rome Tor Vergata, but not the whole amount, will have to follow the indications that each single course (as communicated by the Delegate) establishes for the achievement of credits in disciplines similar to that indicated on the Learning Agreement in order to complete the rest of the credits.
In order to calculate the ECTS-CFUs, in the "packages" other activities apart from the exams (course attendance, laboratories, internships, language courses and all ECTS-CFU allowed from the study courses) with the equivalent credits can also be included, as long as they have been agreed before departure and are indicated in the learning agreement.
b. In the "package" mobility it is possible to include the bibliographic research activity for bachelor/master degree thesis for students who have completed all the exams required by their program structure/curriculum.
c. The procedure for the recognition of exams taken abroad is carried out by the degree course secretariat where the request is submitted. For this purpose, the following procedure is recommended:
   - Consult the website of the host University where the scholarship was awarded;
   - Download the syllabus of the courses that you intend to attend and have them approved, or confirmed, through the appropriate form by the Coordinator of the degree course, who will then coordinate with the Delegated Professors;
   - The student is free to request further recognition of equivalences during the program at the partner University, to the extent that the request is made to the Coordinator of the degree course, or to the Delegate Professor, by e-mail. A link of the course to be recognised should

be attached, with program description, number of credits, hours of attendance.

d. In order to validate the exams taken or other education activities carried out abroad during the Erasmus+ Program, please note that:

- To apply for the recognition of the study period abroad, students must obtain authorisation (nullaosta) from the Erasmus+ University office, which will issue it when the student has regularized his administrative issues.

- It should be noted that, as a rule, certificates and declarations related to exams taken might require significant technical transmission time. It is therefore preferable, if the Erasmus+ coordinator of the Partner University allows it, to ask for a further certification of the exams taken, or alternatively, a copy of the certification authenticated with the University's registered stamp. If the delay in the transmission of the certificates compromises the participation in a graduation session or the assignment of other scholarships or other rights, it is advisable to communicate these needs in advance to the Engineering Erasmus+ Office staff who will take care of informing partner Universities.

- The "packages" of the exams achieved abroad are formally submitted to the interested Degree course for approval and forwarded directly to the students' Secretariat of the School of Engineering for registration.

*Additional requirements for all destinations in:

●   Germany

The German Federal Office for Migration and Refugees requires non-EU students to provide proof of sufficient financial means for their exchange semester in Germany. The amount required is 934 € for each month of mobility. Part of this amount is covered by the ERASMUS+ scholarship, of course, but the rest has to be provided by the students.

●   United Kingdom

For study stays of more than 6 months, the UK requires the Secure English Language Test certificate to obtain a visa.

ANNEX 1 - Bando Erasmus+ K.A. 1
a.y. 2025-2026
MACROAREA DI LETTERE E FILOSOFIA

<u>SELECTION AND EVALUATION OF APPLICATION</u>

1.   Requirements for the application.

Students shall submit the application online on the website:

http://mobint.uniroma2.it/erasmus/candidatura/Default.aspx, **by March, 3rd at 12:00.**

BA and MA students will have to:

1) check that information on the website DELPHI are up to date and correct; in cases of doubt, please contact the Help Desk (using the icon on the page);
2) scan and/or type on the on-line application form the following information:
   - matriculation number;
   - IBAN code registered to the student;
   - passport or identity card number;
   - self-certification of the Bachelor's degree final mark.

<u>Wrong on-line application forms received after the above deadline and/or whose data will be considered incomplete or false according to the indications above WILL NOT be taken into account. Before submitting the application form, students can ask for information concerning the filling out of the form and other details at the Erasmus Office of the Macroarea di Lettere e Filosofia (Building A, floor -1, room 05).</u>

Starting from the academic year 2016/2017, the recognition of the exams takes place for credits' sets "ECTS-CFU" (*pacchetto esami*) according to the definition of the Bologna Italian Experts (http://www.processodibologna.it/). In order to create this package (*pacchetto esami*), students must comply with the following indications:

- Students abroad for one year must obtain at least **24 ECTS-CFU** and besides they may also gain further credits within the maximum allowed credits on their study plan. Students abroad for one semester must obtain at least **12 ECTS-CFU** and they may also gain further credits within the maximum allowed credits on their study plan. In the case the students do not gain the above-mentioned number of credits, the University will not pay the E.U. contribution and will require the returning of any funding possibly given in advance. Furthermore, the Macroarea committee will evaluate individual cases, such as the mobility for degree's thesis, upon a written request by the student. Students who are going to graduate and students who have completed their exams will be asked to obtain a minimum of 6 ECTS-CFU abroad, which can be achieved through foreign language courses in the host country or other courses of graduands' choice. PhD students will not be asked to acquire further credits.

Acquisition of credits:

- The acquisition of credits is not required to PhD assignees, where agreements provide for specific grants for PhD students. All other students must obtain in the host University 2/3 of ECTS-CFU of the equivalent subject (examples: 8 ECTS- CFU for 12 ECTS-CFU, 4 ECTS-CFU for 6 ECTS-CFU, etc.). The remaining ECTS-CFU credits may be gained in the host University in subjects which are similar to the scientific sector of the subject, in order to avoid further integrations of the exam. Nevertheless, the students, under the supervision of the Delegate of

the international mobility, have to find and attend the courses of the equivalent subject for the specific ones in the host University with the same amount of ECTS corresponding to Tor Vergata University's courses. If it is not possible, students who obtain only 2/3 of the ECTS requested, and not the totality of them, must follow the instructions of the Delegates of each Degree course (for LLEM & LLEA Delegates for International mobility of the language areas) in order to gain credits in similar subjects. The delegate will consider the appropriated activities for the Learning Agreement if, due to the deletion of courses at the host University or to possible problems for the admission to courses with a limited number of students, it is difficult to identify similar or corresponding subjects.

- For calculating credits in the Italian and foreign sets ("pacchetti"), other activities (LAB, stages, language courses and activities permitted by the Degree courses) with corresponding credits may be considered and recognized These activities must be indicated in the Learning Agreement before the departure.

- In relation to the document approved by the Erasmus Coordination of the Macroarea di Lettere e Filosofia (see Erasmus Minute no. 2 of 12/12/2013), students who have attended one semester (at least 3 months) of Erasmus study will be awarded one point and those who have attended two semesters (at least 9 months) will be awarded 2 points (e.g.: if the basic average for the degree grade is 100, if one semester is to be added in Erasmus the grade becomes 101, if two semesters are to be added the grade becomes 102). Together with the average graduation mark, the Segreteria Studenti will be required to provide the Degree Examination Board with an indication of the semesters spent abroad within the Erasmus programme.

2.   Language requirements.

It **is essential** for the students a certified knowledge of the language(s) of the destination country or of the language accepted by the host University as "learning language". The Programme is developed on the base of bilateral/multilateral agreements signed between the home and host Universities that expect specifically a language competence level (A1, A2, B1, B2, C1, C2). According to these agreements, the host University could not accept the students with a low level of language knowledge, even after grant allocation. Application forms regarding the German area of the courses LLEM e LINFO may be submitted starting from the second year by students who have a minimum of 12 ECTS in German language or who have a document certifying at least a B1 level of languages skill ("Zertifikat Deutsch"); first year students may submit their application only if they have the above –mentioned document for a B1 level.

Before the deadline for the presentation of the *application form,* a deadline which is different depending on the selected host University, the student will have to demonstrate an adequate knowledge of the language(s) of the country of the destination, or of the possible "learning language" established by the agreement with the host University. For this purpose, the student **must send** appropriate documentation **to the Erasmus Office of the Macroarea**, otherwise, he or she will lose the allocated Erasmus grant.

The agreement may require a "**certificate**" or an "**attestation**" (in both cases provided by institutions or authorities which are qualified for that purpose) for the language knowledge level.

If the Agreement requires a certificate, some examples of the most recognized certificates (without any intention of completeness) are the following:

English language:

> ➢ TOEFL (Test of English as a ForeignLanguage)
> ➢ ESOL (English for Speakers of Other Languages – University ofCambridge)

➢ ESOL (English for Speakers of Other Languages –Pitman)
➢ IELTS (International English Language Testing System –Universityof Cambridge)
➢ ISE (Integrated Skills in English – Trinity College London)
➢ LCCIEB (London Chamber of Commerce & Industry ExaminationsBoard)

French language:

➢ DELF (Diplôme d'études en langue française – Alliance Française)
➢ DALF (Diplôme approfondit de langue française – Alliance Française)

German language:

➢ ZD (Zertificat Deutsch – GoetheInstitut/OSD)
➢ ZDfB (Zertificat Deutsch für den Beruf – Goethe Institut/OSD)
➢ ZMP (Zentrale Mittelstufenprüfung – Goethe Institut/OSD)
➢ ZOP (Zentrale Oberstufenprüfung – Goethe Institut/OSD)

Spanish language:

➢ DELE (Diplomas de Español como Lengua Extranjera - Instituto Cervantes)

If the agreement requires the "attestation", the University will proceed with the recognition of the level of language skill according to one of the following requirements:

➢ **attestation** granted by an accredited school at a national and/or international level, with indications of the level that you have achieved (A1, A2, B1, B2, C1, C2);

➢ **a qualifying examination that you have passed at the CLA (Centro Linguistico di Ateneo di Tor Vergata**, web site: https://www-2022.cla.uniroma2.it/)**)** with indications of the level that you have achieved (A1, A2, B1, B2, C1,C2);

Only for the students of the Degrees LINFO/LLEM and LLEA:

➢ the achievement of 10/12 – 20/24 credits in the reference language which will be certified by the CLA (Centro Linguistico di Ateneo) according to the respective equivalence of the level that the study courses have established;

➢ a certified stay abroad for at least 4 months for reasons of studying or working (such as LLP/Erasmus or other mobility projects – the office establishes a B1level *);

➢ a written declaration by the student that the reference language is his/her mother tongue (the office establishes a C2level *);

➢ a certificate which expired less than four years (see above) indicating the level that you have obtained;

➢ enrolment to courses of this University in English (for example Pharmacy, Medicine, etc. - the office establishes a B2level *)

       * Attestations won't be granted to the students. A value is conferred for internal use for the sole purpose of the submission of the application.

If the student does not meet the Language Requirement by the terms established by the host University, or if his/her documentation is incomplete or false, the allocation of the grant will be cancelled, and the next student who comes in the ranking will replace the other student.

3.   Ranking-lists creation and grants assignation

Ranking lists will be created on the basis of Degree Courses or related groups of Degree Courses. As regards Courses in Modern Languages and Literatures (LLEM), Languages in the Information Society (LINFO), European and American Languages and Literatures (LLEA) and Digital Humanities, lists will be divided according to the language areas of destination.

As regards **Bachelor's degree students**, only the exams taken (and passed) by **December 31st, 2024** will be considered valid for lists creation. Only for first-year students, also exams passed by the end of the first semester (winter session) will be considered valid.

For **Master's degree students**, the final score will be calculated on the base of the bachelor's degree final mark (expressed in thirtieths, namely final mark * 3/11, plus 4 additional points for who graduated with honours. Credits obtained with Bachelor's Degree are 180) and on the base of the marks of the exams taken during the Master's Degree Course passed by **December 31st, 2024**. Similarly to Bachelor's Degree students, also for Master's Degree students enrolled in the first year, exams taken by the end of the Winter examination Session will be taken into consideration.

For pass-lists creation, the final score will be calculated by processing the following statistical indexes:

1. **Filter index (Index A)**: the score is calculated on the base of the number of exams taken. If the number of applications exceeds the available grants, only students who obtained at least 60% (sixty percent) of the credits expected for the relevant year and course will be admitted;

2. **Index of average mark (Index B)**: the score is based on the average mark weighted with credits (obtained by multiplying each mark by the related credits and adding up the resulting figures. The result will be divided by the total credits obtained by the student);

3. **Diligence index (Index C)**: it is a corrective index that will affect the final score by subtracting a maximum of two points to students who did not obtain the total number of the credits scheduled for their year of attendance. The year of attendance will be calculated starting from the year of enrollment.

Please note that:

1) To calculate marks, a full mark ("30 e lode") equals to 31;

2) Students of the old university system (*vecchio ordinamento*), which did not contemplate any credit award system, will be given 10 credits for each passed exam;

3) for exams that provide separate marks for the written and oral parts (i.e. language exams), only the total credits of the two parts provided for the ongoing year shall be considered;

4) for international students enrolled in Master's Degree Courses at our University and who have therefore obtained their Bachelor's Degree at a non-Italian University, for the purposes of the ranking, the Bachelor Graduation grade deposited at the Segreteria Studenti at the time of their first enrolment at the Macroarea of Humanities at Tor Vergata shall be taken into consideration for

the porpuses of the Ranking.

The ranking-list, once considered the Index A, shall be created on the bases of the the score resulting from the following formula: Final mark = B-C.

Provisional Rankings will be published by the first tendays of March 2025. Possible clarifications or appeals about the result of the evaluation will be proposed at the Erasmus Office (Macroarea Lettere e Filosofia) at 12.00 in the 5thday after the announcement of the provisional pass-list.

Presentation of the Host Universities (by the end of March 2025): there will be orientation meetings with the participation of students who have already lived studies and Erasmus experiences, in the previous academic years.

The publication of the final Rankings and Allocation meeting will take place by the end of April 2025. The called students will declare in that place the grant acceptance, otherwise, the grant will be lost; according to the order of the list, students will choose the University among the available ones, and they will specify the duration of their stay abroad, opting for a semester or a year, when the options are possible. If a student gives up the grant, there will be a new grants assignation, obviously following the pass-list. During the Allocation meeting, the student will sign the preliminary acceptance module. Later on, the procedure about the on-line signature of the final contract will be communicated. Please note that the students who cannot come to the grant assignation meeting can be represented with a signed authorization and with a copy of their ID card.

Residual scholarships: After the first Allocation of scholarships, students may be awarded, in the second instance, residual scholarships from degree courses other than their own. In fact after the first allocation of scholarships, a new ranking list will be created (by the end of **April 2025**), which will include, with reference to all degree courses, the names of students who did not receive a scholarship in the previous selection. Students in this second ranking list will be awarded the score accrued in the first instance. It should be noted that the allocation of these remaining scholarships is subject to acceptance by the host university and the compatibility of the respective educational offer. The student must check with the Erasmus Office of the Macroarea the actual availability of the location provisionally assigned to him/her. Once this ranking has been exhausted, the remaining scholarships will be assigned according to the order of arrival of the applications re-submitted to the Erasmus Office by students who meet the requirements of the call for applications.

4. Learning Agreement and recognition of exams passed abroad

Before the departure, students who are assigned an Erasmus grant will complete the procedures for enrolment in the host University by the deadline provided by each University. It should be noted that, before proceeding to the compilation on the MOBINT platform, the student must send an email to the Erasmus contact person of his or her Course of Study (for LLEM and LLEA Erasmus contact person of the language area) of our University (see lists below) in order to agree with him or her the exams to be included in the form available on the platform. Once the exchange of e-mails with the referent has been concluded, the student must forward it to the Macroarea Erasmus Office the final e-mail from which the authorized exams result. After that, the student will have to fill out the Learning Agreement on MOBINT[1]. Please note that once the entry has been completed, it will not be possible to re-access the contents entered until the Macroarea Erasmus Delegate receives the email approving the Learning Agreement.

Each exam will be planned to take into account the student's workload required for the course attendance, the preparation of papers and the exam programme. However, the exam can be approved on the basis of the number of hours of lessons, if there is not a correspondence between ECTS-CFU of a Tor Vergata course and the Host University (as stipulated Senate's resolution of 26.7.16). Details on courses held at partner Universities are available on the websites listed below.

During his/her stay abroad, if the student cannot attend the courses agreed upon with the Delegate for international mobility, he/she will agree with him/her possible changes which will be notified via email to the Erasmus office of the Faculty of Humanities along with the Delegate's authorization. The changes will have to be reported on the Learning Agreement and signed by the aforementioned Delegates. Please fill out your Learning Agreement by PC and NOT manually. Any change will have to be issued **online** through the change form from the Learning Agreement.

After the mobility period, the exams taken and passed in the EU host Universities will be recognized as equivalent to our University's on the basis of the approved Learning Agreement. Marks given to the exams will be converted according to the tables approved by Departmental Councils and signed by the Delegates for International Mobility according to of own course study (for LLEM & LLEA Delegates for International Mobility refer to each language area) as listed below; in order to validate exams taken at the host University, students will have to submit their definitive Learning Agreement through **the platform MOBINT** by uploading it on their personal page. Please note that incomplete documentation will cause a delay in the procedures for the recognition of the exam.

For any further information about procedures to follow, documents to produce, Partner Universities, etc. students are invited to look up the web site of the Erasmus+ Office of the Macroarea di Lettere e Filosofia, and to get in touch with the Responsible at the following contacts.

When compiling the ranking list, only exams that have been taken and officially registered before <u>the expiry date of the call will be taken into consideration.</u> Pass-fail exams with no score (idoneità) and partial exams (esoneri) will be considered invalid.

Study Plan

Students must agree on their study plan, exams, lessons and internship, to be carried out abroad and obtain prior authorization by filling in a specific draft of their study plan and delivering it to the Erasmus office of the Faculty which will subsequently submit it for approval of the CCS of Speech Therapy

Upon returning to Italy, the documentation necessary for recognition must be delivered to the Erasmus office.

_____

EXPIRY DATES AND PROCEDURES FOR ALL STUDY COURSES

Applications must be completed on-line (according to the rules listed in the general Erasmu Call) by connecting to: http://mobint.uniroma2.it/erasmus/candidatura/Default.aspx

attaching:

1. **LINGUISTIC CERTIFICATION/ATTESTATION (COMPULSORY)**

2. **and only in cases where all the exams are not visible on the totem, students should include a photocopy of their exam booklet.**

The provisional ranking list will be published online on the site: http://mobint.uniroma2.it/erasmus **Should students wish to appeal against the list, they must do so on unheeded paper (carta semplice) and send it to the Erasmus Office of their Faculty by to jadwiga.szczur@uniroma2.it**

The definitive ranking list will be published online on on the site: http://mobint.uniroma2.it/erasmus

The awarding of scholarships will take place online ON TEAMS

According to the scheme:

_ Sports Area (Sports Sciences, STS, STAMPA, PHP), Dentistry, Nursing, Physiotherapy, Dietetics, Medical Biotechnology, Medicine and Surgery (Winners and Eligible)

_ Medicine and Surgery (Winners ONLY)

_Eligible (Medicine and Surgery) and residual scholarships

Attention: INFODAY MEETING on Teams for everyone

The exact time and the link of the assignment will be communicated together with the publication of the final ranking

For all degree courses:

a) Please note that **"*cum laude*" is worth 0.2 points and is considered part of the score of that specific exam when calculating the average.**

b) **The destination will be chosen by the winners of the selection when the Erasmus scholarships are awarded following the ranking list. Please note that students must be present on the day of the assignment of the scholarships to officially accept the award.**

N.B: Once validated, the application cannot be modified. The ranking list will be compiled by the system according to the data provided by the students so it will be impossible to include or exclude exams that have been inserted erroneously. For this reason, including a number of exams that is different from the number established by the selection will automatically lead to the exclusion of the student from the ranking list.

Students who opt for the second semester and are enrolled in their final year probably will NOT be able to graduate in time in July after having terminated their Erasmus scholarship because time is needed to validate the exams taken abroad. In these cases, it will be possible to graduate in October of the same year.

IN CASES WHERE STUDENTS FAIL TO FOLLOW THE REGULATIONS OF THE ERASMUS OFFICE OR THE TERMS LAID OUT IN THE CALL, THEIR ERASMUS PERIOD WILL NOT BE VALIDATED

Please note: This English version of the call is made only for publicity purposes. For enforcing the call, resolving any dispute and for all legal purposes only the Italian version is valid.

MACROAREA OF SCIENCES MM.FF.NN. TO THE ERASMUS+
CALL FOR APPLICATIONS A.Y. 2025/2026

Application deadline: March 3rd 2025 at 12:00

1- Eligibility criteria

The Erasmus+ Call for Study is open to students enrolled in a Degree programme, Master's Degree, single-cycle Master's Degree and PhD course at the University of Rome Tor Vergata in A.A. 2024/ 2025. You can see the requirements of the Erasmus+ Call 2025/2026 and in this annex to the Call.

Specifically, in the Macroarea of Science MM.FF.NN. the requirements are:

➢ For those enrolled in the Bachelor's Degree:
1) Have an average of **21/30** or more.
2) First year students have achieved at least **12 CFU**; second year students have achieved at least **45 CFU**; third year students have achieved at least **75 CFU**; first year students have achieved at least **105 CFU**.
3) Not be enrolled out of the course for more than one year.
4) Not be listed in precautionary.

➢ For those enrolled in the Master's Degree:
1) Have an average of **24/30** or more over the entire course of studies (Bachelor's + Master's Degree).
2) First year students have achieved at least **12 CFU***; second year students have achieved at least **45 CFU**; first year students have achieved at least **75 CFU**.
3) Not be enrolled out of the course for more than one year.

*Students enrolled in the first year of the Master's Degree in Human Nutrition Science, given the structure of the course, are exempt from the requirement to have achieved at least 12 CFU.

➢ For those enrolled in the Master's Degree course in Pharmacy:
1) Students regularly enrolled from the third year of the Pharmacy course, who have achieved at least **60 CFU** and who have reached an average above **24/30**.
2) Not be enrolled out of course for more than one year.

➢ For doctoral students: to be enrolled in a doctoral course.

2- Application procedures and deadlines

The application for participation must be submitted exclusively by electronic means through the website mobint.uniroma2.it/erasmus/candidatura within the mandatory deadline indicated in the University's announcement. To access the online application, you must enter the same username and password used to access the Delphi Student Portal. The deadline for applying is very strict, so it is suggests to avoid preparing the application in the last few days before the deadline.

Before starting to fill in the online application form, students must check that their career data is up-to-date and complete by accessing the student's private area on the Student Portal (http://delphi.uniroma2.it/). In case of inaccuracies and/or omissions, the student has to report them to the Students' Office respecting the reception hours. If not, the ranking will be based on the data in the system.

The exams, which are not registered on the Delphi platform, must be entered manually, attaching in the same section the Delphi screen with the list of the exams being recorded. The ranking will be based on career data at the end of the Call. All examinations recorded after the expiry date will not be considered.

For students enrolled in a Master's Degree programme, the previous career will also be considered. For students enrolled in a Master's Degree course who have obtained their degree at another University in Italy or abroad, it will be necessary

to enter all the exams taken in the appropriate field and upload the certificate of graduation that carries the final grade, the date of first enrolment, examinations and teaching activities with the corresponding marks and credits obtained during graduation and declaration.

This documentation must be requested from the Students' Secretariat of the University from which you come.
Please note that after validation of the application, no changes will be possible. Therefore, before validating the online application, students are invited to verify that the application is correctly filled in by contacting the Erasmus+ Office of the Macroarea of Sciences, at the following address:

E-mail: erasmus@scienze.uniroma2.it

3-   Ranking and evaluation criteria

For students enrolled in undergraduate, master's or single cycle degree courses, the score will be determined by the sum of the weighted average of the credits divided by thirty and the ratio between the credits obtained and expected credits. In the case of students enrolled in the master's degree, the evaluation will be attributed based on the current and previous career, carried out both within the framework of the degree and the masters. For students enrolled in the PhD, the score will be awarded based on the grade of the master's degree and an interview to assess the relevance of Erasmus mobility for the student's research project.

In the case of students who have obtained a foreign degree, evaluation will be carried out for degrees obtained in other countries, including through an additional interview to assess their knowledge and previous skills.

The date and modalities of the interview for doctoral students and students who have obtained a degree abroad, will be communicated by e-mail to the e-mail entered during the application process. The communication will require confirmation of attendance at the interview. If you fail to give notice or are absent from the interview, you will no longer be eligible for an Erasmus grant.

In the case of equal merit between students enrolled in a degree course and students enrolled in a master's degree course in the same area, students enrolled in the master's degree are ranked first. In the case of a equal merit between students enrolled in a PhD course, the candidates with the best degree score are ranked first. Finally, in the case of further parity, the youngest candidate is preferred.

The preliminary ranking will be published on the website mobint.uniroma2.it/erasmus. From this publication, students will have the opportunity to submit any comments and/or appeals on the merits, no later than 12:00 on the fifth day following that date, by writing to erasmus@scienze.uniroma2.it. The final ranking will be published as soon as the deadlines for submitting comments and/or appeals have been met, and any deadlines that may have been reached are set.

4- The Host University's requirements and procedures for the award

 Students eligible in the ranking must present themselves to the assignment meeting on the date set which will be indicated on   the website mobint.uniroma2.it/erasmus. The order of the award will be in this place.

It is important to note that the student's mobility is always conditional on the acceptance of the Host University and the fulfilment of the requirements required by the location. For information and deadlines, please consult the Fact Sheet and/or the website of the Partner Office. After the assignment of the place, it will be necessary to submit the online application (Application Form) on the Host University's website and fill out a study project (Learning Agreement). The Learning Agreement is available in the section "Student enrolled in Tor Vergata/student on mobility" at the following address mobint.uniroma2.it/erasmus/ or on the Host University's website (where required). The Learning Agreement should list the educational activities that you intend to carry out at the Host University and their correspondence with the study plan of the Home University.

The Learning Agreement must be approved by the Erasmus+ teacher responsible for his or her course of study and signed by the Erasmus Coordinator of Macroarea. The names and contact details of the responsible lecturers are given in the list below. Upon signature of the Coordinator, the student must send the document to the host site for acceptance.

Since each site independently establishes deadlines and procedures for the submission of the Application Form and the Learning Agreement, it will be the responsibility of the winners to monitor the deadlines on the website of the host site. This information is usually found on the respective sites, in the section for Incoming Exchange Students (Incoming Exchange Students).

Following the assignment, the student must submit, if required and within the terms set by the foreign office, an official certificate indicating the level of knowledge of the language (A1, A2, B1, B2, C1, C2 according to the Common Framework of Reference for Languages recognized by the Council of Europe - CEFR) to the Host University awarded, under penalty of cancellation of the scholarship. The language level and certificate type are indicated for information in the list of the exchange

offer below for each place banned, but it is recommended that each student checks the information on the website of the place.

Please note that language requirements may vary according to field and course. Students are therefore invited to check, in addition to the table below, the page of the Host University's Faculty.

Please note that the University Language Centre (CLA, http://cla.uniroma2.it/) offers students enrolled in a course of study at the University of Tor Vergata the opportunity to enroll in a language proficiency course by acquiring a minimum level of knowledge of the language of the host country. Students eligible for the examination may apply to the same Centre for a certificate attesting to their CEFR language level.

5-   Final considerations

Changes to the study plan are allowed before departure or during the period of use of the scholarship. Changes to the study plan must be submitted promptly for approval by the responsible person and then forwarded to the Erasmus+ Office of the Macroarea of Science.

Upon return from mobility, the teaching activities and related credits acquired on mobility will be recognized in your career, based on the latest version of the Learning Agreement approved by the Home and Host Universities. The recognition is carried out by the competent Council of Study Courses, based on the certificate of the educational activities carried out at the host institution (Transcript of Records) and transmitted to the University of origin (Erasmus + Office of the Macroarea of Sciences).

The duration of the scholarships indicated in this Call corresponds to that established in the Bilateral Agreements; however, it is clarified that the Erasmus 2025/2026 Mobility must be concluded by 30 September 2026.
