## 7. ONLINE LINGUISTIC SUPPORT (OLS)

Il programma offre agli studenti Erasmus+ un Sostegno Linguistico Online - Online Linguistic Support (OLS), ovvero la possibilità di valutare le proprie competenze linguistiche prima e dopo la mobilità e, eventualmente, un corso di lingua online da svolgersi durante il periodo di scambio in una delle seguenti lingue: Inglese, Francese, Tedesco, Spagnolo, Olandese, Portoghese, Bulgaro, Ceco, Danese, Greco, Croato, Ungherese, Polacco, Rumeno, Slovacco, Finlandese, Svedese.

Come funziona? La partecipazione all'OLS non è obbligatoria, ma consigliata per tutti gli studenti che hanno avuto un posto di scambio Erasmus+.

Si precisa che, l'attestazione OLS potrebbe non essere accettata dalla sede ospitante, in quanto non accerta il livello CEFR.

# DURING THE PERIOD ABROAD

## 1. CERTIFICATE OF ARRIVAL

At the end of your mobility, before departure from the foreign office, you must necessarily request the "Certificate of registration and residence" where the official and effective date of the end of your mobility will be recorded.

You can use the form downloadable from the "Documents" section of Mobint.

The return certificate must be uploaded in pdf format on the Mobint Portal.

The amount of the contribution is calculated on the basis of the dates certified by the host university on the certificate of arrival; therefore, it is the student's responsibility to check the dates before uploading the document on Mobint; Subsequent corrections and/or replacements of the document will not be permitted.

**DEADLINE:** the document must be uploaded within 15 days of the end of the mobility and no later than 10 October 2026.

You will receive by e-mail to your institutional address, in the weeks following your return, the format for completing the online questionnaire (Erasmus+ individual participant report - questionnaire based on your experience in Erasmus). Immediately after the data is uploaded, the Erasmus Central Office sends an email to the students informing them of the upload and pre-alerting them on receipt of the automatic email, which usually takes place within 72 hours of the data being uploaded. After receiving the email from the office, it is recommended to check your institutional mailbox with special attention to spam.

**DEADLINE:** within the deadline indicated in the automatic email of request for filling out the questionnaire.

## 2. CHANGE FORM

You can modify the Learning Agreement by filling in the "Change Form".

We recommend that you make the change to the Learning Agreement within five weeks after the start of the courses at the host university, and in any case after being sure of the change. If necessary, the student may request via email to modify a part of his L.A., which must be approved by the Erasmus Coordinator of the CdS and signed by the Erasmus Coordinator.

**The changes are to be considered exceptional.**

The amendment to the IA must always be approved within one month before the end of the mobility and signed by all three parties

## 3. REQUEST FOR EXTENSION

If the host university agrees to the extension, ask for a signature on the "Request for Extension" form, which you can download from Mobint in the "Documents" section.

**DEADLINE:** The extension should be requested up to and not more than one month before the end of the period as originally scheduled at the time of departure.

It will be your responsibility to inform the Erasmus office of Macroarea and the teacher who coordinates your exchange at Tor Vergata University about the extension.

**The Erasmus period must end by 30 September 2026.**

# AFTER BEING BACK

## 1. CERTIFICATE OF RETURN AND QUESTIONNAIRE

At the end of your mobility, before departure from the foreign office, you must necessarily request the "Certificate of registration and residence" where the official and effective date of the end of your mobility will be recorded.

You can use the form downloadable from the "Documents" section of Mobint.

The return certificate must be uploaded in pdf format on the Mobint Portal.

The amount of the contribution is calculated based on the dates certified by the host university on the certificate of arrival; therefore, it is the student's responsibility to check the dates before uploading the document on Mobint; Subsequent corrections and/or replacements of the document will not be permitted.

**DEADLINE:** the document must be uploaded within 15 days of the end of the mobility and no later than 10 October 2026.

You will receive by e-mail to your institutional address, in the weeks following your return, the format for completing the online questionnaire (Erasmus+ individual participant report - questionnaire based on your experience in Erasmus). Immediately after the data is uploaded, the Erasmus Central Office sends an email to the students informing them of the upload and pre-alerting them on receipt of the automatic email, which usually takes place within 72 hours of the data being uploaded. After receiving the email from the office, it is recommended to check your institutional mailbox with special attention to spam.

**DEADLINE:** within the deadline indicated in the automatic email of request for filling out the questionnaire.

## 2. TRANSCRIPT OF RECORDS (ToR)

At the end of your exchange period, you must inform yourself at the offices of the host university about the issue of the Transcript of Records - ToR (the certificate that reports the teaching activities you have carried out, with the related credits and grades).

The ToR is necessary to obtain recognition of activities carried out and passed with profit. It is your responsibility to request the ToR, to avoid delays in the recognition of claims.

It is always good to ask the host university, along with its ToR, also the table and the scale of ECTS marks that the exchange coordinator can use for the purpose of converting the marks into thirty-ths.

Also, for the activity of "preparation thesis" a document is necessary that attests the activity carried out, since it is obligatory to request the recognition, even if this does not foresee the attribution of credits. It is sufficient a letter, in letterhead and signed by the tutor teacher at the host University, or ask to the Office of Macroarea, describing the activity carried out and expresses an opinion on the work.

### 3. REQUEST OF RECOGNITION

The recognition of activities carried out abroad is the responsibility of the Course of Study. For information and/or support contact the Erasmus offices of each Faculty/Macro area.

Procedure:

- **Upload the Transcript of Records** (or the certificate attesting to the thesis/internship preparation activity) in Mobint, together with the documents indicated above;
- **Submit the Application for recognition to the Erasmus Macroarea Office by e-mail.**

**DEADLINE:** October 2026, unless there is a prior deadline indicated by your Course of Study.

**NB:** Please note that if you do not receive recognition for at least one teaching activity (exams, internship or thesis) the scholarship will be revoked, and you must return the amount received.

It is therefore necessary to apply for recognition of the activity even if no credits are provided.

### IN CASE OF WEIVER

If you decided to renounce to the grant after accepted it, you must warn the Erasmus Office of Macroarea and upload the “Renounce module” on Mobint platform.
